TO WHOM IT MAY CONCERN

IN RE SALE FOR STE B, FORESHORE

It has come to the attention of the City that certain of its officials are being targeted due to their involvement in the above matter. This notwithstanding that their involvement is in an official, not personal capacity and that they are carrying out decisions made by Council.

The instructions are that Reclaim the City is using forms of victimisation and intimidation against these officials in that it, *inter alia*, made public statements that they know the addresses of the officials involved and then attend on these addresses for purposes of engaging in protests action, etc. They are also displaying photograph of the officials at public meetings. This conduct is unlawful and criminal.

The actions of your members and organisation pose as serious threat to the safety of the officials, their families and to their property, which is seen in a very serious light by the City.

Should Reclaim the City and its members not immediately undertake to and actual stop these actions of victimisation and intimidation which poses a serious threat to the officials involved in this and other matters, the City will have no further alternative but to proceed to Court for the necessary relief.
